**The iSeries team is looking to purchase the following equipment:**

<b>Systems</b>	<b>Features</b>	<b>Features</b>	<b>Memory</b>	<b>Disk</b>
8203-E4A	5582	5740	4520	1267
8203-E8A	5583	5741	4521	1268
M50	5786	5761	4524	3677
M25	5790	5760	4475	3678
515	5776	5766	4477	4327
525	2847	5774		4328
	2893	5767		
	5614	5738		
	5679	5777		
	5781	0595		

Abacus Spotlights the above processors that are in stock and are available for resale. Not only are these machines good for production but should be considered as a disaster recovery or a high availability system. Also these systems are good upgrades into Power6 technology.
